Ordering Information

Each order must include a detailed drawing that shows unit height, width (A, A+B, or A+B+C) and any out of square conditions, notched panels and/or buttresses. Shower head location may be required, depending on the enclosure. Please refer to configurations and Notes/Options for specific restrictions, requirements and recommendations for each RODA collection. Special design requests can be accommodated at an additional charge.

Build the complete model number by selecting the RODA collection code, Header code, and configuration number. Add the Glass code and then the Finish code. Glass and Finish Options differ for each unit. Please note available selections shown throughout this price list. In addition custom designs are available, please contact Customer Service for more information - 1-800-45-BASCO (800-452-2726) or customerservice@basco showerdoor.com.

Examples:

GEON-950RNQP

Geolux, No header, Door and Panel with Return Panel, Rain Glass, Antique Pewter Finish

ROLH-935CLBS

Rolaire, Header, Door and Panel, Clear Glass, Brushed Stainless Finish

AGDREH-900VSWI

Dresden, Header, Swing Door, Vessence Glass, Wrought Iron Finish,
 with factory applied AquaGlide^{XP} (denoted by AG before the Roda collection code)

Installation Guidelines for Fiberglass & Acrylic Fixtures

Our intent at Basco is to ensure that our customers have access to the products they desire based on their style and preferences. As such, please refer to these guidelines for installing heavy glass doors on fiberglass and acrylic substrates.

Structural Support Guidelines

- A Celesta/Roda door on acrylic or fiberglass requires proper blocking to ensure stability.
- A single 2 X 4 stud is needed behind the wall where the header meets the wall on top and bottom pivot units.
- A double 2 X 4 stud is needed behind the wall on the hinge side for wall mount hinges.
- A double 2 X 4 stud is needed at the threshold for hinge mounting and support of the weight.

Precautionary Guidelines

- When the U-Channel or glass clamp is screwed into the threshold, the weight of the glass sits on top of the screws, necessitating the structural support.
- Without proper structural support, when the panel or door is moved this could cause the screws to move slightly. Over time, this slight movement enlarges the hole the screw is in and eventually cracks (spider webs) the gelcoat or acrylic and begins to break down the fiberglass backing.
- Acrylic or fiberglass walls have blocking installed by the manufacturer. However, the location of that backing may not match the location of where holes need to be drilled for vertical u-channel, wall mount hinges, and headers.
- Without proper backing behind the walls the door or panel(s) will eventually slip out of the thin walls.

RODA Product Notes

- Products will be produced using industry best practices and techniques for all hardware, gaps and spacing deductions, horizontal and vertical securing, etc.
- The base and walls for any RODA unit(s) must be constructed with proper wood blocking prior to installation to ensure the weight of the enclosure is properly supported as it may result in product failure. At minimum, 2 x 4 blocking is required at the location of any structural member of the unit including, but not limited to: hinges, clamps, and header brackets. All fasteners at these locations are required to be installed into the blocking. Basco is not liable for cracks on the fiberglass or acrylic modules or product failure of any kind that results from inadequate blocking.
- Depending of the panel size and or door hinge layout, a support bar or header may be required for proper stability.
- Floor to Ceiling panel(s) will be manufactured to be lift and drop when using U-Channel as the horizontal securing method unless noted otherwise.
- Safety tempered glass cannot be cut and is resistant to breakage, but it is susceptible to breakage if improperly handled through unequal pressure or if an unprotected edge comes in contact with any solid surface. Basco is not liable for breakage after installation is completed.

----------------	-------------------------------------	---	------------------------------	-------------------------------------	---

Celesta CELN-910/920/930 Additional Notes/Options:

*Rain, Strata, Vessence & Tempest have a maximum unit height of 80".

Please note any **out of square conditions** or **notched panel(s)**. No additional charges apply.

Door & Panel(s) enclosures **with no header** (CELN units) may require additional structural support. When using wall mount hinges, 36" is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12". The number of hinges provided will be determined by the application. Adequate wall support (wall stud at screw location) is required. If additional hinges are requested but not required - add \$221.00 for each wall mount or glass mount hinge. If additional clamps are requested but not required - add \$157.00 for each unit.

ShowerGuard is only available in clear & pure clear (see pricing above). **AquaGlideXP can be applied to any glass pattern.** Add \$111.00 for a 910/920 unit or \$221.00 for a 930 unit. AquaGlideXP Clear is shown above.

14" Radius Corner Option - add \$105.00, **Angled Ceiling or Floor to Ceiling** - add \$111.00, **Transom (each)** - add \$256.00, **Swing Out Only** (SCV913 or SCV905) or **1/2 Moon Dam** (SC889) - add \$39.00.

For CELN units only, a **Single-Sided Towel Bar** can be added to the door panel or the stationary panel for an additional \$129.00 per bar. For a **Back-to-Back Towel Bar** - add \$256.00. A **Combination Pull Handle/Towel Bar** is also available - add \$129.00. For each **Robe Hook** - add \$111.00.

Series Changes (non-Celesta): For Back-to-Back Pull - add \$111.00. For Wall or Glass-to-Glass clamps - add \$157.00

To **upgrade to 1/2"** Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear or Pure Clear ShowerGuard glass, add \$193.00/panel to list price.

Finish Selections:	Shown Above:	Chrome (SV)	Add \$132:	Brushed Nickel (BN), Oil Rubbed Bronze (OR),
Add \$273:	Almond (AP), Burnished Copper (CU),	Antique Pewter (QP), Polished Nickel (PN),	Bronze (BR), Satin Nickel (SN),	Brushed Bronze (BB), White (WP), Brushed Gold (BG), Matte Black (WI)

Celesta 945/950/960 Additional Notes/Options:

*Rain, Strata, Vessence & Tempest have a maximum unit height of 80".

Please note any **out of square conditions** or **notched panel(s)**. No additional charges apply.

Door & Panel(s) enclosures **with no header** (CELN units) may require additional structural support. When using wall mount hinges, 36" is the max. panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12". The number of hinges provided will be determined by the application. Adequate wall support (wall stud at screw location) is required. If additional hinges are requested but not required - add \$221.00 for each wall mount or glass mount hinge. If additional clamps are requested but not required - add \$157.00 for a 945 unit or \$313.00 for a 950/960 unit.

ShowerGuard is only available in clear & pure clear (see pricing above). **AquaGlideXP can be applied to any glass pattern.** Add \$221.00 for a 945/950/960 unit. AquaGlideXP Clear is shown above.

Angled Ceiling or Floor to Ceiling - add \$111.00, **Transom (each)** - add \$256.00, **Swing Out Only** (SCV913 or SCV905) or **1/2 Moon Dam** (SC889) - add \$39.00.

A **Single-Sided Towel Bar** can be added to the door panel or the stationary panel for an additional \$129.00 per bar. For a **Back-to-Back Towel Bar** - add \$256.00. A **Combination Pull Handle/Towel Bar** is also available - add \$129.00. You may substitute a back-to-back knob instead of the handle for no additional charge. For each **Robe Hook** - add \$111.00.

Series Changes (non-Celesta): For Back-to-Back Pull - add \$111.00. For Wall or Glass-to-Glass clamps - add \$157.00

To **upgrade to 1/2"** Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk or Shower Guard Clear, or Pure Clear ShowerGuard glass, add \$193.00/panel to list price.

Mitering for glass-to-glass edge is available for CELH-950/CELN-950 - add \$428.00.

Pricing above is based on standard Celesta hinges. If either (or both) offset hinge plate on wall mount hinge or offset closure angle on any hinge is required, add \$71.00 to list price. For other hinge options, please contact Customer Service.

VE Door Blank (see page 46 for specifications and limitations) - deduct \$250.00 from list price.

Finish Selections: Shown Above: Chrome (SV) | Add \$132: Brushed Nickel (BN), Oil Rubbed Bronze (OR),

Add \$273: Almond (AP), Antique Pewter (QP), Bronze (BR), Brushed Bronze (BB), Brushed Gold (BG), Burnished Copper (CU), Polished Nickel (PN), Satin Nickel (SN), White (WP), Matte Black (WL)

Celesta 900/925/935/945/950 Additional Notes/Options:

*Rain, Strata, Vessence & Tempest have a maximum unit height of 80".

Please note any **out of square conditions** or **notched panel(s)**. No additional charges apply.

Pivot Hinge extends 5/8" beyond the Unit Height.

CELNP units may require additional structural support. 36" is the maximum panel width before a support bar is needed. Adequate wall support (wall stud at screw location) is required. If additional hinges are requested but not required - add \$221.00 for each wall mount or glass mount hinge. If additional clamps are requested but not required - add \$157.00 for a 935/945 unit or \$313.00 for a 925/950 unit.

Units with Glass to Glass pivot hinges feature 3/8" glass door and 1/2" glass on adjoining panels. Units with Wall Mount pivot hinges feature 3/8" glass door & panel(s).

ShowerGuard is only available in clear & pure clear (see pricing above). **AquaGlideXP can be applied to any glass pattern.** Add \$111.00 for a 900 unit or \$221.00 for a 925/935/945/950 unit. AquaGlideXP Clear is shown above.

Angled Ceiling or **Floor to Ceiling** - add \$111.00, **Transom (each)** - add \$256.00, **Swing Out Only** (SCV913 or SCV905) or **1/2 Moon Dam** (SC889) - add \$39.00.

A **Single-Sided Towel Bar** can be added to the door panel or the stationary panel for an additional \$129.00 per bar. For a **Back-to-Back Towel Bar** - add \$256.00. A **Combination Pull Handle/Towel Bar** is also available - add \$129.00. You may substitute a back-to-back knob instead of the handle for no additional charge. For each **Robe Hook** - add \$111.00.

Series Changes (non-Celesta): For Back-to-Back Pull - add \$111.00. For Wall or Glass-to-Glass clamps - add \$157.00

Mitering for glass-to-glass edge is available for CELNP-950 - add \$428.00.

----------------	-------------------------------------	--	------------------------------	-------------------------------------	---

Dresden Additional Notes/Options:

*Rain, Strata, Vessence & Tempest have a maximum unit height of 80".

Please note any **out of square conditions** or **notched panel(s)**. No additional charges apply.

Door & Panel(s) enclosures **with no header** (DREN units) may require additional structural support. When using wall mount hinges, 36" is the max. panel width before a support bar is needed. The number of hinges provided will be determined by the application. Adequate wall support (wall stud at screw location) is required. If additional hinges are requested but not required - add \$221.00 for each wall mount or glass mount hinge. If additional clamps are requested but not required - add \$157.00 for a 922/935/945 unit or \$313.00 for a 925/950/960 unit.

ShowerGuard is only available in clear & pure clear (see pricing above). **AquaGlideXP can be applied to any glass pattern.** Add \$111.00 for a 900 unit or \$221.00 for a 922/925/935/945/950/960 unit. AquaGlideXP Clear is shown above.

Angled Ceiling or Floor to Ceiling - add \$111.00, **Transom (each)** - add \$256.00, **Swing Out Only** (SCV913 or SCV905) or **1/2 Moon Dam** (SC889) - add \$39.00.

You may substitute a back-to-back knob instead of the handle for no additional charge.

To **upgrade to 1/2" Clear**, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass, add \$193.00 per panel to list price.

Series Changes (non-Dresden): For Back-to-Back Pull - add \$111.00. For Wall or Glass-to-Glass clamps - add \$157.00

Mitering for glass-to-glass edge is available for DREH-950/DREN-950 - add \$428.00.

Geolux GEON-910/920/930 Additional Notes/Options:

*Rain, Strata, Vessence & Tempest have a maximum unit height of 80".

Please note any **out of square conditions** or **notched panel(s)**. No additional charges apply.

Door & Panel(s) enclosures **with no header** (GEON units) may require additional structural support. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12". The number of hinges provided will be determined by the application. Adequate wall support (wall stud at screw location) is required. If additional hinges are requested but not required - add \$221.00 for each wall mount or glass mount hinge. If additional clamps are requested but not required - add \$157.00 for each unit.

ShowerGuard is only available in clear & pure clear (see pricing above). **AquaGlideXP can be applied to any glass pattern.** Add \$111.00 for a 910/920 unit or \$221.00 for a 930 unit. AquaGlideXP Clear is shown above.

14" Radius Corner Option - add \$105.00, **Angled Ceiling or Floor to Ceiling** - add \$111.00, **Transom (each)** - add \$256.00, **Swing Out Only** (SCV913 or SCV905) or **1/2 Moon Dam** (SC889) - add \$39.00.

For GEON units only, a **Single-Sided Towel Bar** can be added to the door panel or the stationary panel for an additional \$256.00 per bar. For a **Back-to-Back Towel Bar** - add \$511.00.

Series Changes (non-Geolux): For Wall or Glass-to-Glass clamps - add \$157.00

To **upgrade to 1/2"** Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, Shower Guard Clear, or Pure Clear ShowerGuard glass, add \$193.00/panel to list price.

Finish Selections:

Shown Above: Chrome (SV)

Add \$132: Brushed Nickel (BN), Oil Rubbed Bronze (OR)

Glass Options:	Add \$221 AquaGlideXP Clear (XP)	Add \$409 Rain* (RN), Silk (LK), Strata* (SR), Vessence* (VS)			Add \$524 Pure Clear (PC)		Add \$524 ShowerGuard Clear (CG)		Add \$952 Pure Clear ShowerGuard (PG), Pure Silk (PS), Tempest* (TM)					

Geolux Additional Notes/Options:

Geolux doors **out-swing only**.

Please note shower head side. High side of enclosure will be on the shower head side.

The **low point of the slope** will vary based on the overall unit height, but the minimum height from the floor to the low point of the slope is 60".

Geolux units can be manufactured without the diagonal at the top. Please refer to pages 36 & 37 of this price book.

*Rain, Strata, Vessence and Tempest have a maximum unit height of 80".

Please note any **out of square conditions** or **notched panel(s)**. No additional charges apply.

Door & Panel(s) enclosures may require additional structural support. When using wall mount hinges, 36" is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12". The number of hinges provided will be determined by the application. Adequate wall support (wall stud at screw location) is required. If additional hinges are requested but not required - add \$221.00 for each wall mount or glass mount hinge. If additional clamps are requested but not required - add \$157.00 for a 935 unit or \$313.00 for a 950 unit.

ShowerGuard is only available in clear & pure clear (see pricing above). **AquaGlideXP can be applied to any glass pattern.** Add \$111.00 for a 900 unit or \$221.00 for a 935/950 unit. AquaGlideXP Clear is shown above.

A **Single-Sided Towel Bar** can be added to the door panel or the stationary panel for an additional \$256.00 per bar. For a **Back-to-Back Towel Bar** - add \$511.00. You may substitute a back-to-back knob instead of the handle for no additional charge. **Swing Out Only** (SCV913) - add \$39.00.

Series Changes (non-Geolux): For Back-to-Back Pull - add \$111.00. For Wall or Glass-to-Glass clamps - add \$157.00

Mitering for glass-to-glass edge is available for GEON-950 - add \$428.00.

Finish Selections:	Shown Above: Chrome (SV)	Add \$132: Brushed Nickel (BN), Oil Rubbed Bronze (OR)
Add \$273:	Almond (AP), Antique Pewter (QP), Bronze (BR), Burnished Copper (CU), Satin Nickel (SN), White (WP), Matte Black (WL)	Brushed Bronze (BB)

Glass Options:	Add \$221 AquaGlideXP Clear (XP)		Add \$407 Rain* (RN), Silk (LK), Strata* (SR), Vessence* (VS)		Add \$524 Pure Clear (PC)		Add \$524 ShowerGuard Clear (CG)		Add \$952 Pure Clear ShowerGuard (PG), Pure Silk (PS), Tempest* (TM)				

Vonse Additional Notes/Options:

Please note shower head side. For optimal operation, the door should be installed on the same side as the shower head.

*Rain, Strata, Vessence & Tempest have a maximum unit height of 80".

Vonse units can be manufactured with a curve at the top. Please refer to pages 40 & 41 of this price book.

Please note any **out of square conditions** or **notched panel(s)**. No additional charges apply.

Door & Panel(s) enclosures may require additional structural support. When using wall mount hinges, 36" is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12". The number of hinges provided will be determined by the application. Adequate wall support (wall stud at screw location) is required. If additional hinges are requested but not required - add \$221.00 for each wall mount or glass mount hinge. If additional clamps are requested but not required - add \$157.00 for a 935 unit or \$313.00 for a 950 unit.

Angled Ceiling or Floor to Ceiling - add \$111.00, **Transom (each)** - add \$256.00, **Swing Out Only (SCV913)** or **1/2 Moon Dam (SC889)** - add \$39.00.

ShowerGuard is only available in clear & pure clear (see pricing above). **AquaGlideXP can be applied to any glass pattern.** Add \$111.00 for a 900 unit or \$221.00 for a 935/950 unit. AquaGlideXP Clear is shown above.

You may substitute a back-to-back knob instead of the handle for no additional charge.

Series Changes (non-Vonse): For Back-to-Back Pull - add \$111.00. For Wall or Glass-to-Glass clamps - add \$157.00

Mitering for glass-to-glass edge is available for VONNS-950 - add \$428.00.

VE Door Blanks

VE door blanks are available in limited configurations and are 3/8" Clear glass. If a VE door blank is used, please subtract \$250 from the list price.

Available VE Door Blanks:

- 28" width x 72" unit height with wall mount hinges.
- 28" width x 76" unit height with wall mount hinges
- 28" width x 80" unit height with wall mount hinges.
- 28" width x 72" unit height with header and pivot hinges.
- 28" width x 76" unit height with header and pivot hinges.
- 28" width x 80" unit height with header and pivot hinges.
- 28" width x 72" unit height with wall mount hinges, 1/4" out-of-plumb on the hinge side
- 28" width x 76" unit height with wall mount hinges, 1/4" out-of-plumb on the hinge side
- 28" width x 80" unit height with wall mount hinges, 1/4" out-of-plumb on the hinge side

All VE door blanks are available in Clear or AquaGlideXP Clear. No customization is available on the door size. All doors must have 8" pull handle. All pulls are centered on door height, not placed at standard 33" height. Please plan accordingly.

RODA^{BY BASCO} Warranty

Each RODA Enclosure is custom designed and undergoes several meticulous quality control procedures.

Basco offers a Limited Lifetime Warranty. For exclusions and limitations, please visit www.bascoshowerdoor.com.

All Glass is tempered and meets or exceeds all Federal Laws and specifications. All outside glass edges are polished.

RODA Enclosures are designed to be precision fitted, but some water may escape. With proper positioning of the showerhead, this issue is usually eliminated. Vinyl gaskets are included with most doors to create a tighter seal but installation of this vinyl is optional.

To safeguard the warranty, do not use abrasives or harsh chemicals to clean RODA enclosures. Damage from improper cleaning is not covered under our limited lifetime warranty. The option of AquaGlide^{XP} applied at the factory can keep RODA enclosures looking like new. AquaGlide^{XP} is warranted for ten years.
